THE DECLAMATORY CONTEST.

The interscholastic declamatory contest between the high schools of Alba, Duenweg, Sarcoxie and Jasper will be held at the Jasper M. E. Church, Friday night of this week. The contest is divided into three classes—dramatic, oratorical, humorous. Jasper will be represented in the dramatic class by Miss Lena Wiseman, in the oratorical by Miss Lucille Scott and in the humorous by Elmo Maize. First and second prizes will be awarded, gold medals first and silver medals second.

Looking back on our own school days we can not doubt that the young student of today has a greater advantage than ever before for development in all lines, and such contests as these are of the greatest importance.

We would like to say something for the encouragement of boys and girls who failed to win first place in the primaries. Not by any means should they consider that they failed. They should consider that only a starting point, and get right in again next year. If you never win first in such a bunch of talent as is shown in these contests you are still far ahead of where you might have been if you had not entered.

The judges Friday night will be County school superintendent W.

E. Colley; L. V. Galbraith, principal at Monett, and C. W. Wilkerson, science teacher at Monett.

PROBABLY A NEWSPAPER MAN.

The Kansas City Times refers to a man whose pants had become so shiny in the seat he wore dimmers over the bright spots to avoid being arrested for going about with bright lights. If Friend Subscriber don't "come across" a little more freely than he has of late the editor of this paper will find himself in the same fix.

BAPTIST CHURCH NOTES.

Mrs. Anna Spaid and Misses Emma Busby and Edna Maples attended the B. Y. P. U. Convention at the Carthage Baptist Church last Tuesday evening. The attendance last Sunday at both Sunday School and B. Y. P. U. were lessened because of the stormy day.

Please do not forget the B. Y. P. U. bazaar and candy sale on trades-day, April 1. Reporter.

Three Buildings in every Four are crying aloud for PAINT! PAINT! PAINT!

Look around you. See the bare, the worn, the chipped and scarred surfaces.

Every foot of scarred and unprotected surface means a loss to its owner. Paint neglect cost the people of the United States millions of dollars last year. Many buildings in this country need painting NOW.

Remember! Paint is an economy and the better the paint, the greater the economy.

Take Devoe Lead and Zinc Paint for example. No purer paint can be made and yet judged by final results, no cheaper paint can be bought!
